INTERNSHIP

Full Stack Web Development Intern — KodNest Technologies | Bangalore |June 2024 – Oct 2024

- Completed full-stack training in Java, SQL, HTML, CSS, JavaScript, React.js (Basics), and OOPs with hands-on project experience.
- Built responsive UIs, developed backend features, and performed testing/debugging to improve application performance.

Worked on real-time projects, improving team work, problem-solving, communication, and overall full-stack understanding.

WORK EXPERIENCE

Pirnav Software Solutions – Associate Software Engineer | Nov 2024 – Till date

Project 1: AI Content Generator System

- Built and optimized a React-based front-end application using Hooks, reusable components, and React Router.
- Implemented responsive, cross-browser UI with modern CSS (Flexbox/Grid) ensuring consistent UX.
- Integrated REST APIs for dynamic content, authentication, and real-time state updates.
- Enhanced user experience and performance with UI optimizations, validations, loaders, and copy-to-clipboard features.
- Debugged and resolved UI, API, and state management issues, improving stability and reliability.

Project 2: CA Firm Management & Compliance Automation System

- Developed an enterprise web application to digitize and automate Chartered Accountant firm operations.
- Built React-based dashboards and UI modules for clients, compliance calendar, filings, billing, tasks, and reports.
- Implemented role-based UI access (RBAC) and integrated JWT-secured REST APIs for authentication and authorization.
- Developed invoice generation screens with GST calculation and PDF download support.

Created responsive, user-friendly interfaces improving usability and reducing compliance risks.

CERTIFICATIONS

- Workshop on3D-GameDesignusingunitySoftwareConductedbyAPSSDC
- Certification on Front End Developer by APSSHE
- Certification on Java Full Stack Developer

DECLARATION

I here by declare that all the forgoing information is correct and complete to the best of my knowledge, and nothing has been concealed.
