PRASAD KUMAR M

SUMMARY

Software Developer with hands-on experience in **C#, .NET , and SQL**, involved in backend development and database operations. Experienced in implementing business logic, handling database queries, and supporting application functionality in a development environment.

WORK EXPERIENCE

Software Developer (.NET & SQL)

- Working **on** backend development using C# and .NET
- Implementing business logic for application modules
- Writing and maintaining SQL queries for data retrieval and updates
- Using views and stored procedures for data handling
- Working with SQL Server and MySQL databases
- Performing CRUD operations as part of application workflows
- Worked with Web API–based application concepts
- Implemented exception handling using try–catch and throw
- Supporting application functionality and resolving data-related issues
- Working with existing codebase and following application standards
- Understanding backend data flow and application workflows

PROJECT / MODULE EXPOSURE

- Worked on backend modules involving data processing and database interaction
- Handled SQL-based operations aligned with application requirements
- Supported enhancements and changes in existing application logic

EDUCATION

M.Sc. Computer Science | 2018

Sri Venkateswara University, Tirupati

B.Sc. Computer Science | 2016

Sri Govindaraja Swamy Arts College, Tirupati

KEY RESPONSIBILITIES

- Developing and maintaining backend application logic using **C# and .NET**
- Writing and optimizing **SQL queries** for application requirements
- Working with **SQL Server and MySQL** databases
- Implementing **exception handling** and supporting application stability
- Collaborating with team members to understand and implement requirements

DECLARATION

I hereby declare that all the foregoing information is correct and complete to the best of my knowledge, and nothing has been concealed.

SOFT SKILLS

- Good communication
- Team collaboration
- Problem-solving
- Adaptability

TECHNICAL SKILLS

Database

- SQL Server
- MySQL
- SQL queries (SELECT, INSERT, UPDATE, DELETE)
- Joins, subqueries, aggregate functions

Programming & Backend

- C#, .NET
- OOP
- Exception handling

Tools

- Visual Studio
- SQL Server Management Studio (SSMS)

LANGUAGES

- English
- Telugu
